Request DTVideo

To send a new DTVideo request click on the 'New Request' button

NEW +

, and fill out the popup dialog:

(Note: User can opt to receive email alerts when submitting their request. An email will be sent to the provided email address when the video has been uploaded or if there was a failure)

The screenshot displays the DTVideo interface with a table of requests and a 'DTVideo Request Add' dialog box. The table has columns for Occurred On, Start Time, Upload Time, Vehicle, Driver, Request Type, Location, Status, WiFi Only, Get Alerts, and Requested By. The dialog box is titled 'DTVideo Request Add' and contains the following fields and options:

- Vehicle: MARC (dropdown menu)
- Request Type: 60 Second Video (selected), 1hr Thumbnail
- WiFi Only:
- Start Date: 04/28/2020
- Hour: 6 (spinner)
- Minute: 30 (spinner)
- Second: 10 (spinner)
- Get Alerts: (checkbox)
- Enter Email: (text input)
- Plan Used: 6/100 (text)
- Buttons: Cancel, Send

Annotations with red arrows point to various elements:

- 'Enter new request' points to the 'NEW +' button.
- 'Type of video to request' points to the 'Request Type' dropdown.
- 'Launch video shortcut w/download link' points to the camera icon in the table.
- 'View record and video if available w/download link' points to the magnifying glass icon in the table.
- 'Check to enable Email alerts for this request' points to the 'Get Alerts' checkbox.
- 'Select vehicle to send..' points to the 'Vehicle' dropdown.
- 'Type of comm. to be used..' points to the 'WiFi Only' checkbox.
- 'Set the Start Date & Time of the video request' points to the 'Start Date' field.
- 'Email to send video upload status alerts (default is Manager's configured Email)' points to the 'Enter Email' field.
- 'Company Request Plan allowance (Green < 1/3 used; Orange < 2/3 used; Red > 2/3 used) Only successful uploaded requests count' points to the 'Plan Used' field.

View Request History

To view the existing requests, search by **Vehicle** or **Vehicle Group** or **ALL**, enter the vehicle or vehicle group name in the text box or click the

icon and select from the drop-down menu, and click [Get Results].

A spreadsheet will appear of information regarding all previously sent requests.

If the requested video segment has been uploaded user can view the video by either clicking on the camera icon

or by clicking on the row itself.
