# **Vehicle Administration**

The Vehicles feature displays information regarding your company's vehicles.

- VIN
- Manual VIN
- Terminal
- License Plate
- License Plate Jurisdiction

You do not need to manually enter any data into the Vehicles feature; vehicles equipped with an activated and registered in-cab device will be displayed here automatically.

You can select to view vehicle information in a report format. Select to view report by Vehicle, Vehicle Group, or All.

# VIN

VIN reported from the vehicle's JBus or the user manually supplied VIN (will be flagged as Manual VIN).

# Manual VIN

Indicates the VIN was manually supplied by user (NOT from vehicle's JBus).

# **Terminal**

The terminal the vehicle is assigned to.

# License Plate

User entered License Plate number.

# License Plate Jurisdiction

User entered state the vehicle works out of.
