How can I change my Co-Pilot resolution back to normal?

Question:

How can I change my Co-Pilot resolution back to normal?

Answer:

*Any standard Windows keyboard is required to make this change

You can resolve it by plugging in a keyboard.

1. Hit the **F3** key on the keyboard.
2. Holding the **ALT** key, hit **F4**, release the **ALT** key
3. Reopen **Copilot**
