3. You will be logged off of the unit after your logs have been received.

4. If the logs were **NOT** sent for whatever reason, you will be placed back onto the main HOS screen. Your logs will be sent and you will be logged off as soon as the unit is able to communicate.

5. If your logs **were** sent you will see the login screen.

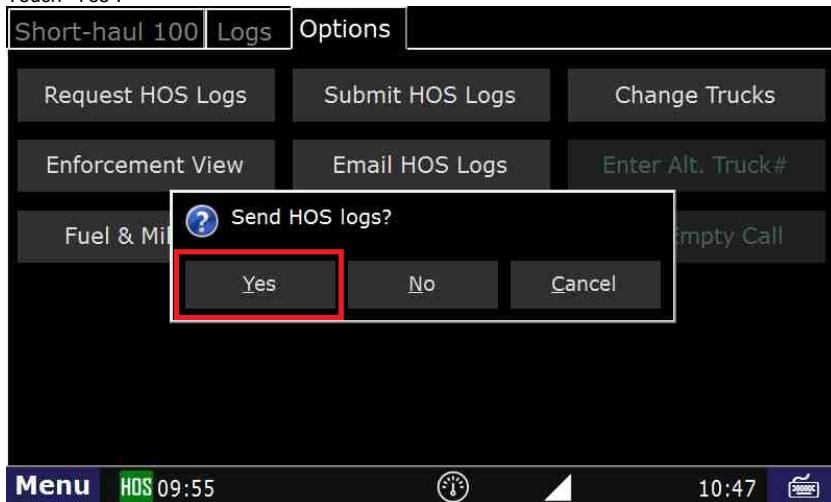

6. You have now successfully changed trucks and are able to login to a **new** unit.
