

Weigh Station Bypass

North America's largest weigh station bypass service.

DriverTech is partnered with Drivevyze to provide Drivevyze PreClear weigh station bypass and Drivevyze Safety Notifications, directly on the entire line of TruckPC ELD systems.

Drivevyze is North America's largest weigh station bypass service, helping fleets and drivers save time and money by providing bypasses at over 800 sites in 46 operational and in-progress states and provinces.
