

Weigh Station Bypass

North America's largest weigh station bypass service.

DriverTech is partnered with Drivewyze to provide Drivewyze PreClear weigh station bypass and Drivewyze Safety Notifications, directly on the entire line of TruckPC ELD systems.

Drivewyze is North America's largest weigh station bypass service, helping fleets and drivers save time and money by providing bypasses at over 800 sites in 46 operational and in-progress states and provinces.
