How-to put a truck into Personal Use or Yard Move

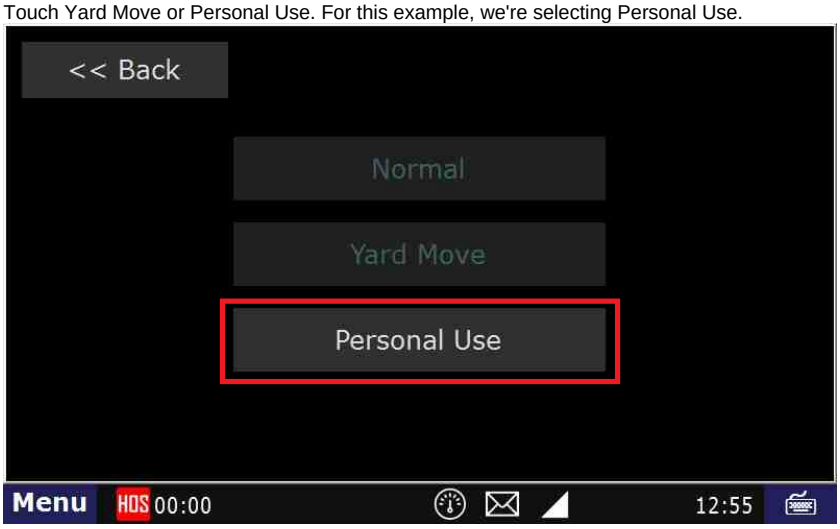

1. From the Menu, click on HOS.

2. From the US-8 tab, touch "Driving mode 'Normal' "

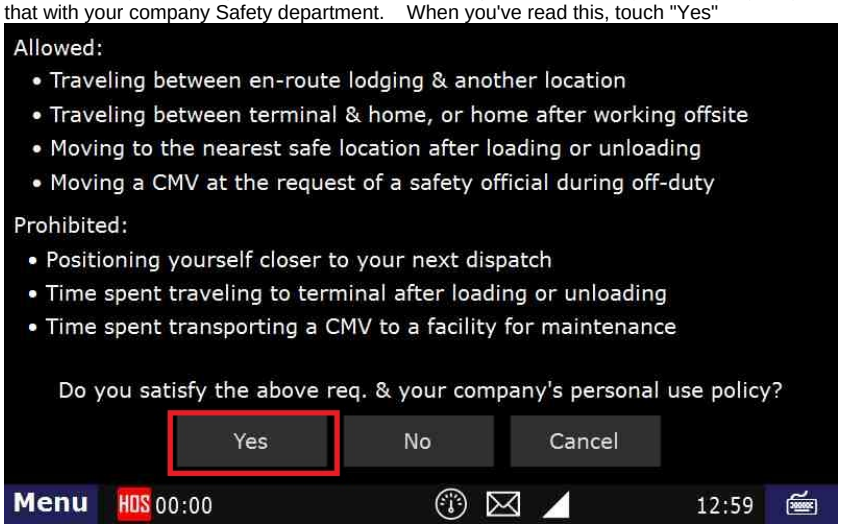

3. Touch Yard Move or Personal Use. For this example, we're selecting Personal Use.

How-to put a truck into Personal Use or Yard Move

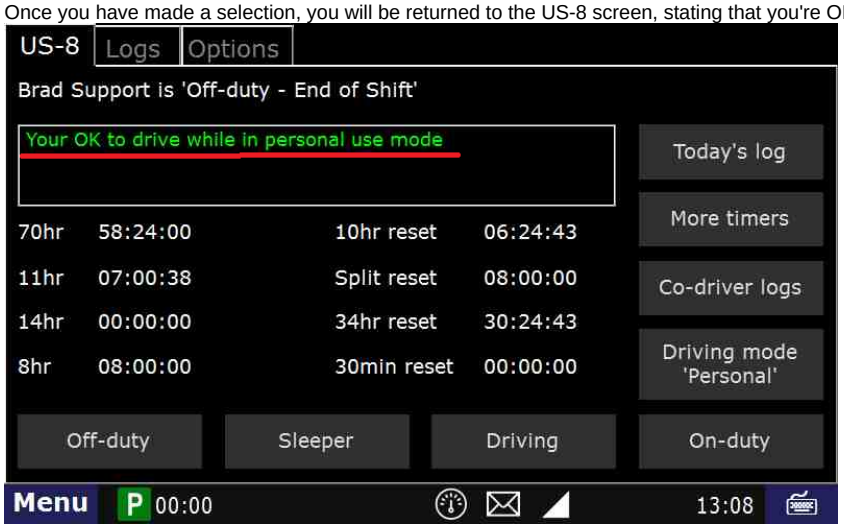

4. A screen will come up explaining what is allowed and prohibited. Note: your company may have more restrictive rules than FMCSA, so make sure you verify that with your company Safety department. When you've read this, touch "Yes"

5. Select a remark explaining the reason for personal use.

6. Once you have made a selection, you will be returned to the US-8 screen, stating that you're OK to drive while in personal use mode
