

How-to edit an existing Status

Sometimes a driver will enter an incorrect Status, or forget to enter a Status. It is possible to make an edit to correct your logs.

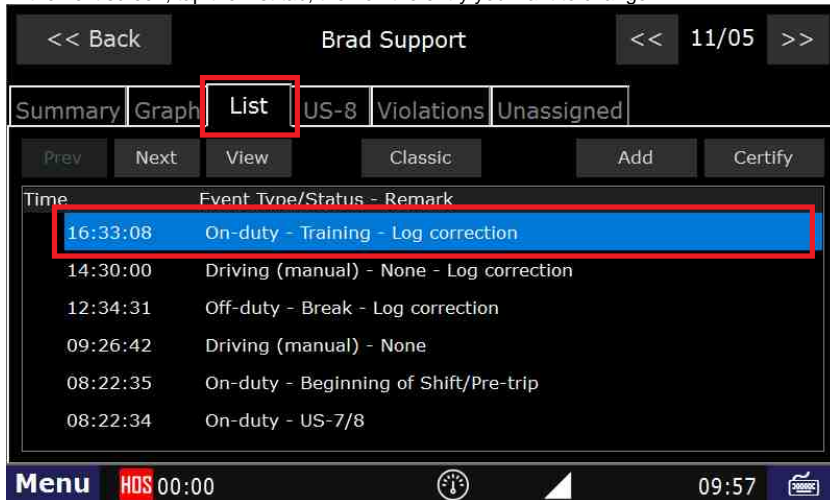

1. From the main menu, tap the HOS icon

2. Go to the logs tab and tap on the day with the status you want to change.

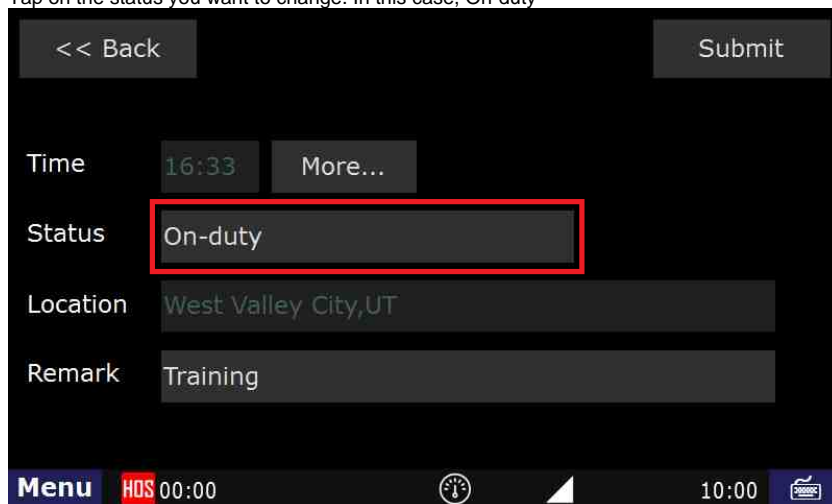

3. In the next screen, tap the List tab, then on the entry you want to change.

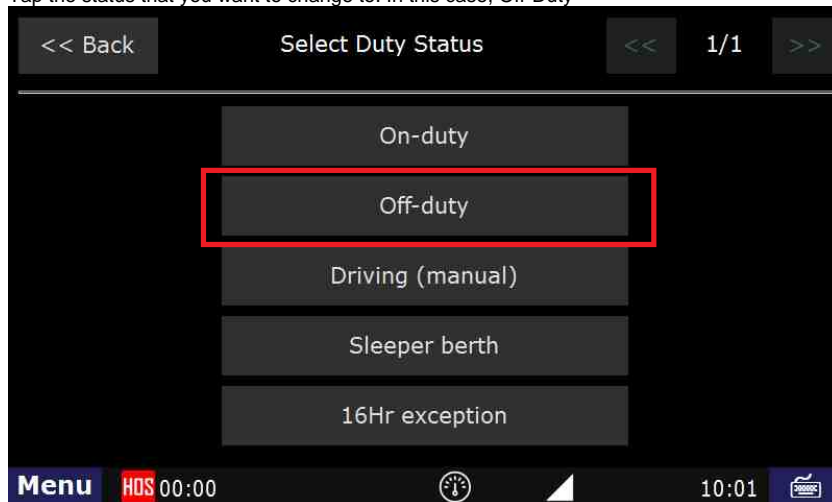

How-to edit an existing Status

4. Tap on the status you want to change. In this case, On-duty

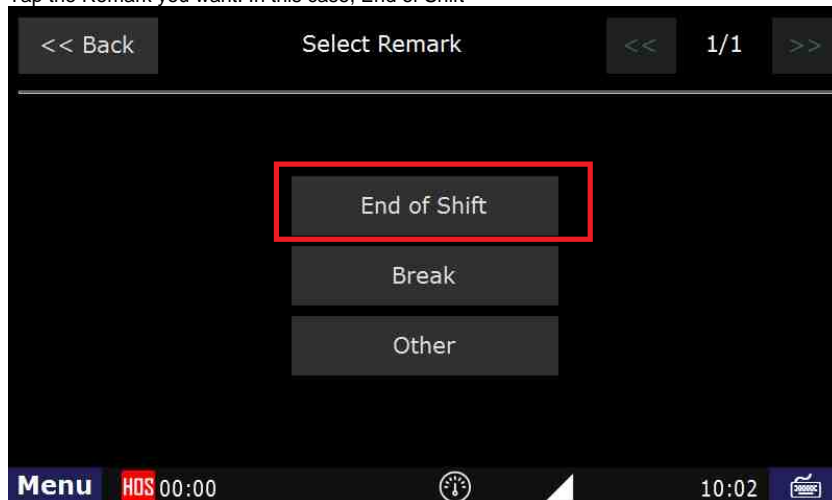

A screenshot of a mobile application interface for editing a status. At the top, there are two buttons: "<< Back" on the left and "Submit" on the right. Below these, there are four input fields: "Time" with the value "16:33" and a "More..." button; "Status" with the value "On-duty" (highlighted with a red rectangle); "Location" with the value "West Valley City,UT"; and "Remark" with the value "Training". At the bottom, there is a status bar with a "Menu" button, a red "HOS" indicator, a timer showing "00:00", a clock icon, a signal strength indicator, the time "10:00", and a battery icon.

5. Tap the status that you want to change to. In this case, Off-Duty

A screenshot of a mobile application interface for selecting a duty status. At the top, there are three buttons: "<< Back" on the left, "Select Duty Status" in the center, and ">>" on the right. Below these, there is a list of five options: "On-duty", "Off-duty" (highlighted with a red rectangle), "Driving (manual)", "Sleeper berth", and "16Hr exception". At the bottom, there is a status bar with a "Menu" button, a red "HOS" indicator, a timer showing "00:00", a clock icon, a signal strength indicator, the time "10:01", and a battery icon.

6. Tap the Remark you want. In this case, End of Shift

A screenshot of a mobile application interface for selecting a remark. At the top, there are three buttons: "<< Back" on the left, "Select Remark" in the center, and ">>" on the right. Below these, there is a list of three options: "End of Shift" (highlighted with a red rectangle), "Break", and "Other". At the bottom, there is a status bar with a "Menu" button, a red "HOS" indicator, a timer showing "00:00", a clock icon, a signal strength indicator, the time "10:02", and a battery icon.

How-to edit an existing Status

7. If the preview looks good in the next screen, tap Submit.

<< Back

Submit

Time 16:33 More...

Status Off-duty

Location West Valley City, UT

Remark End of Shift

Menu HOS 00:00 10:04

8. In the next screen, tap the reason for the edit. In this case, Log Correction.

<< Back Select Reason for Edit 1/1 >>

Log correction

Bringing logs up to date

Forgot to change duty status

Equipment malfunction
