

BSOD (Blue Screen of Death)

BSOD (Blue Screen of Death)

Problem:

Screen has a blue background with white text.

Solution:

1. Press and hold the Power button - leave turned off for about 2 minutes. If the unit does not respond, move on to the next step below.

2. Disconnect power to the TruckPC for about 2 minutes.
3. **As a last resort**- if the problem persists, disconnect power to the TruckPC for about 30 minutes.
 - a. Unplug power from TruckPC or flip the truck's battery kill switch.
4. Please inform your in office personnel, your shop or, call technical support: 866-331-8785

Drivertech's Technical Support Line: 866-331-8785
