

Improper Boot Device

Problem:

A black screen with gray lettering, part of which states "No bootable device" or "Insert proper boot media"

Solution:

1. Turn the truck's ignition off.
2. Disconnect power to the TruckPC for 2 minutes.
3. Reconnect power to the TruckPC.
4. Press the power button to turn the unit back on.
5. **As a last resort**- if the problem persists, disconnect power to the TruckPC for about 30 minutes.
 - a. Unplug power from TruckPC or flip the battery kill switch.
6. Reconnect power to the TruckPC.
7. Press the power button to turn the unit back on.
8. If the problem persists, the TruckPC needs to be replaced.
