

Watchdog

Problem:

The unit is shutting down due to watchdog errors.

Solution:

1. This issue can occur by the unit being locked up due to software or hardware issues.
2. This can happen 1-2 times and not cause any issues to the unit. If this continues to happen, please call in to Technical Support to report the issue: 866-331-8785

Drivertech's Technical Support Line: 866-331-8785
