drivina.

Add - Inserting a new HOS status onto your HOS logs.

Audit - To review HOS logs. Typically by a

Department of Transportation representative.

Backlight - Keeps the display lit for drivers and

users to be able to use the unit at all times of the

Bootup - Startup - The act of the unit powering on

Conversion - Updating a unit to receive cellular

Detect - Also, Auto Detect, A function of the ELD

recognizing that driving has started or stopped

Display - screen, touch screen, monitor - The

Drive - The act of driving as logged by the ELD on

Driving - For Vehicle and Driver Performance:

been at rest and vehicle has moved a 1/2 mile.

For HOS: Vehicle is deemed to be driving after

distance specified as 'Minimum Drive Distance'

Email - Electronic mail sent to and from the device.

Page 1 of 8

Each driver has hers/his own email address

Enforcement - Typically a Department of

it has been at rest and vehicle has moved the

in the Web Portal (defaults to 1/10th mile).

DTScan - Application used in order to use a

portable scanner with the TruckPC.

assigned to their Driver Code.

Transportation representative.

Vehicle is deemed to be driving after it has

Aeris - A cellular provider.

and starting from an "off" state.

Change - To adjust/edit a log.

service from a new provider.

touchscreen of the unit.

the HOS logs.

Create - To insert a new status.

- FleetWatcher, How does it determine which speed reading will be reported? n explanation of how FleetWatcher reports speed data.
- FleetWatcher, How do I make a form or macro? — A link to instructions concerning how to create a form/macro in FW.
- FleetWatcher, How often do HOS logs and Events and Positions update? — How HOS and Events and Positions are updated on FleetWatcher.
- FleetWatcher, Is There a Basic Template for Terminal Settings Changes? — A basic template for making terminal settings changes in FleetWatcher.
- FleetWatcher, New Customer Setup (Checklist) — Checklist for new customer FleetWatcher setup.
- FleetWatcher, Where do I find the yearly miles driven for a truck/driver? — Enter a very brief description of what this page accomplishes or explains. ex. This is how to create a troubleshooting article.
- FleetWatcher: Can I enter a driver's name containing punctuation?
- FleetWatcher: Why do I see white loading screens and secure content popups? — Fi xing white loading screens and security messages in FleetWatcher.
- FleetWatcher. Where the Reports are, and how they are used.
- Health Check, How is it Done?
- How are Speeding Alerts Created? How speeding alerts are created.
- How can a driver combine their on-duty not driving status on an ELD, with Driving?
- How can I change my Co-Pilot resolution back to normal? — Steps to follow to reset Co-Pilot resolution back to normal
- How can I change the backlight/volume on my TruckPC? — How to change settings of the unit. Test
- How does Daylight Savings Time (DST) work with my ELOGs? — How the unit factors in Daylight Savings Time for Spring and Fall
- How does the TruckPC detect driving? States how the TruckPC detects driving /movement from the truck
- How does the Truck PC go from Driving to On-Duty automatically?
- How does Unassigned Driving Work? H ow unassigned driving works and applies to the driver's logs if applicable
- How do I add remarks to a driving status?
- How do I change the color scheme?
- How do I find my truck number in the DT unit?
- How do I know that DriverTech's ELD is registered with the FMCSA?
- How do I Show My Logs to Law Enforcement? — How to enter and exit Roadside Audit Mode when being pulled over.
- How do I use the Agricultural ExemptionHow long are Hours of Service records
- retained? Data Retention policy.
- How to Approve or Reject log edits from the ELD
- How-to change the truck number on your device — When asked to register your device.
- How-to Use the Co-Driver Feature Desc ribe when someone would need this information. For example "when connecting to wi-fi for the first time".
- How Will the Truck-PC Detect Driving (Starting December 2017)? — How the Truck-PC will detect driving with the new ELD mandate in December 2017.
- If I turn the TruckPC off and start driving, will it record my drive time? — Explains what happens when the unit senses the truck ignition is turned ON
