4. A screen will come up explaining what is allowed and prohibited. Note: your company may have more restrictive rules than FMCSA, so make sure you verify that with your company Safety department.   When you've read this, touch "Yes"

Allowed:
- Traveling between en-route lodging & another location
- Traveling between terminal & home, or home after working offsite
- Moving to the nearest safe location after loading or unloading
- Moving a CMV at the request of a safety official during off-duty

Prohibited:
- Positioning yourself closer to your next dispatch
- Time spent traveling to terminal after loading or unloading
- Time spent transporting a CMV to a facility for maintenance

Do you satisfy the above req. & your company's personal use policy?
