

Who can Certify an HOS log?

Q: Who can Certify an HOS log?

A: As part of the FMCSA guidelines regarding harassment, a Driver is the ONLY person that can certify a log. This can be done from an ELD, or from the company online portal.

For instructions on certifying logs from the ELD, [Click Here](#)

The FMCSA considers log certification to be the responsibility of the Driver, and certification by the driver's manager(s) can be considered harassment.
