

Why am I not receiving Workflow Messages?

Question:

Why am I not receiving Workflow Messages?

Answer:

If you have the envelope icon on the "Work" tab indicating that you have a Workflow, but do not see it when you click on the tab, follow these steps:

- Click on the button with the 3 dots in the upper right hand corner
- Select the correct workflow to open it

After performing these steps, you should have the Workflow populated to allow you to start the workflow
