## Using a smartphone as your ELD display

### Question:

**How do I Show My Logs to Law Enforcement?**

### Answer:

- To change to Roadside Audit mode if you are showing your device to a law enforcement officer, select the HOS icon on the TruckPC **Main Menu**.
- Touch the **Options tab** at the top of the page.

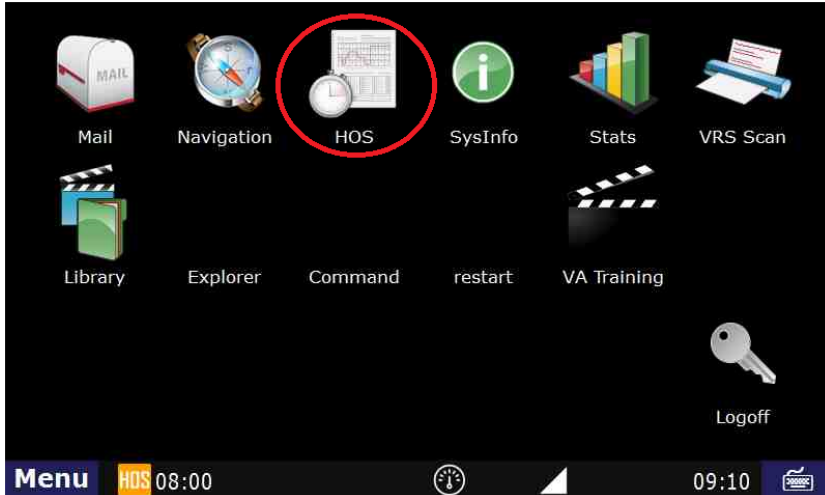

- Here, you select the Enforcement View button.
- After touching the Enforcement View button, you are now in Roadside Audit mode and can share your device with the law enforcement officer.

## How-to send HOS ELD logs to Enforcement Officer for Roadside Audit

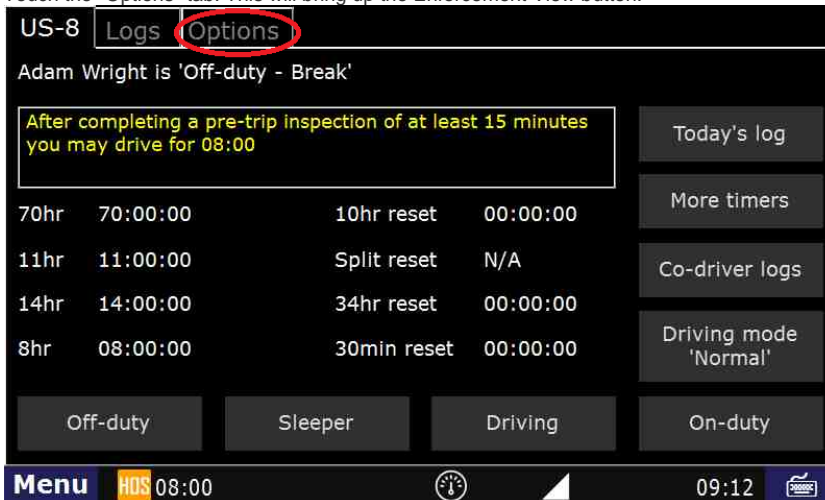

“How-to Enter Roadside Audit Mode” are steps 1 through 5.

### Step-by-step guide

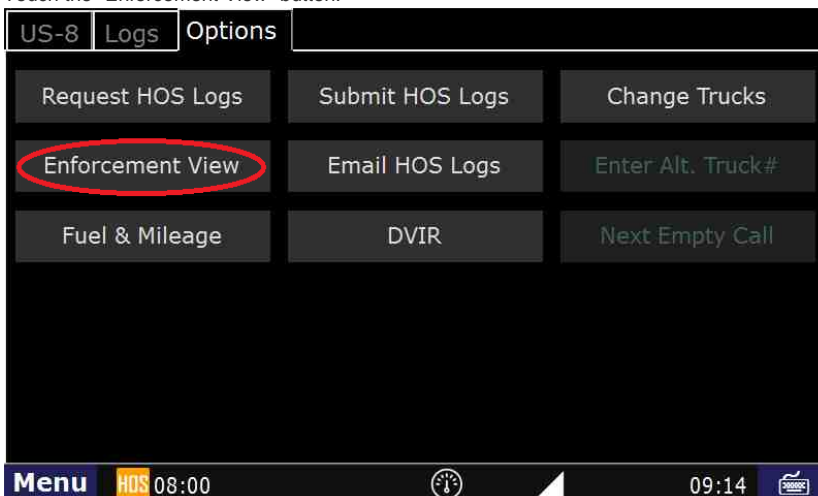

1. Touch the "HOS" icon.

2. Touch the "Options" tab. This will bring up the Enforcement View button.

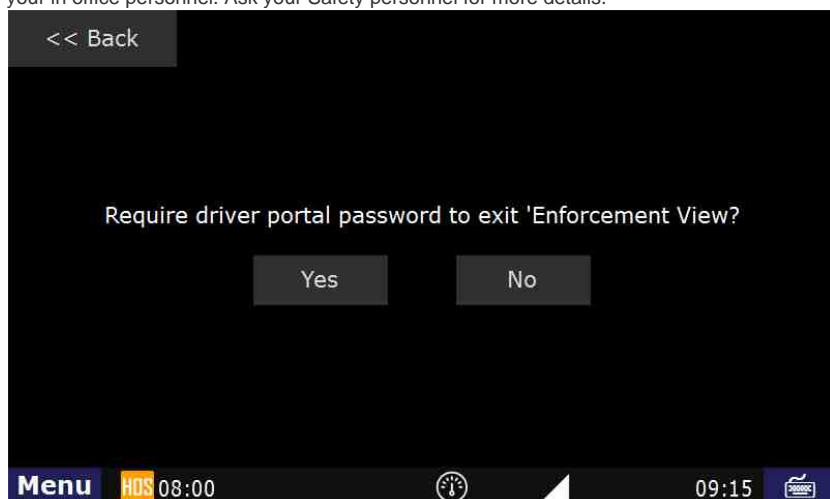

3. Touch the "Enforcement View" button.

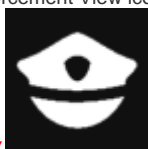

## How to send HOS ELD logs to Enforcement Officer for Roadside Audit

4. Choose "Yes" if you would like to use a password to exit the Enforcement View mode after you have completed your Roadside Enforcement View. This option will either require a password to exit Enforcement View or not. If you do not want to enter a password to exit Enforcement View, touch "No". If you would like to use a password to exit Enforcement View, touch "Yes" and follow the prompts to verify your Driver Code Password. NOTE: This password is normally NOT your Driver Code, but instead is a password that was set up by your in office personnel. Ask your Safety personnel for more details.

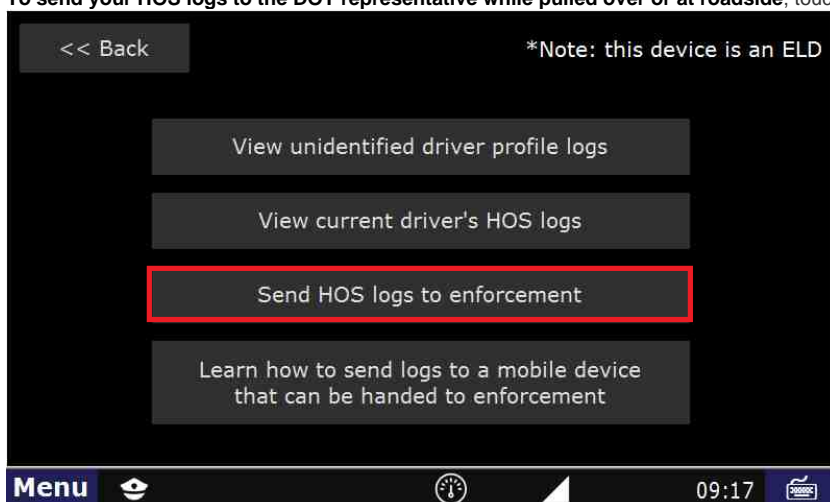

5. **IMPORTANT NOTE:** You will now see an Enforcement View icon in the bottom left hand corner area of your screen.

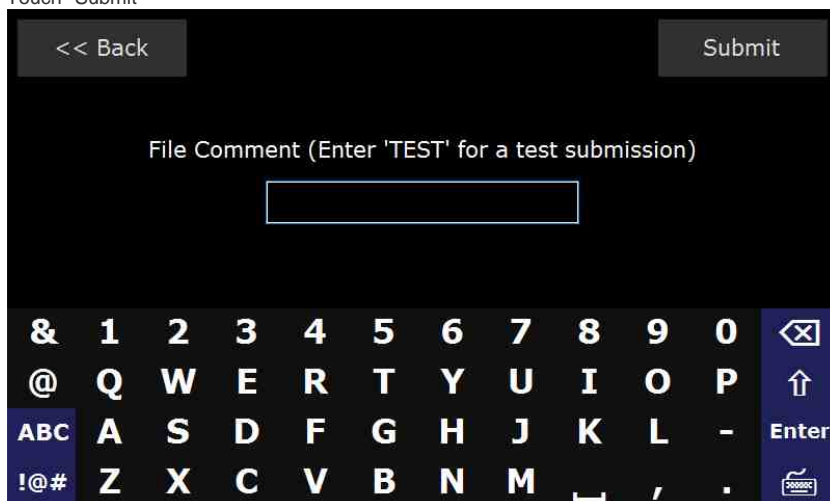

This indicates you are in **Enforcement View**.

- a. To send your HOS logs to the DOT representative while pulled over or at roadside, touch "Send HOS logs to enforcement".

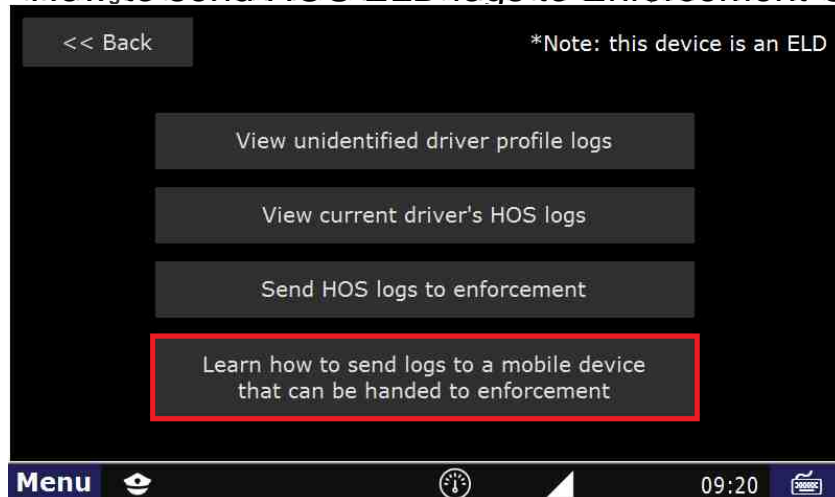

- b. Acquire the Unique Identifying (File Comment) from the enforcement officer or DOT representative and enter it in the "File Comment". Touch "Submit"

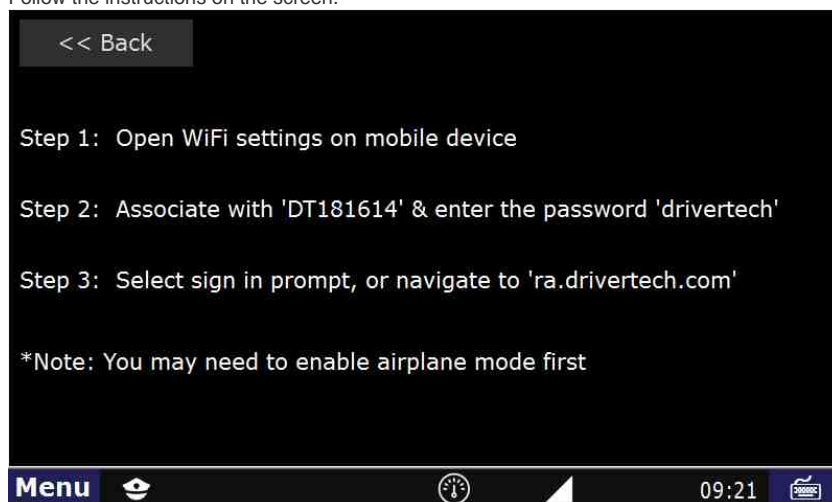

- c. The enforcement officer or DOT representative should receive the information within moments on his computer, if there is cell or wifi coverage.
6. **COMPLETE:** If there is cell or wifi coverage you have successfully sent your HOS logs to the enforcement officer or DOT representative. If there is no cell or wifi coverage where you are, you may need to continue to the next step.

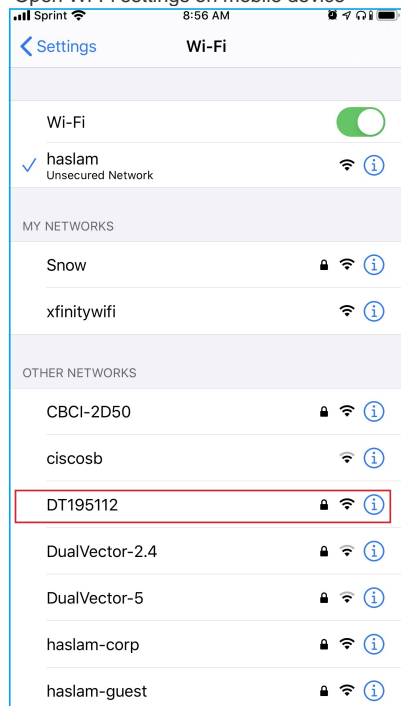

7. To send logs to a mobile device that can be handed to enforcement, click "Learn how to send logs to a mobile device that can be handed to enforcement".

- a. Follow the instructions on the screen.

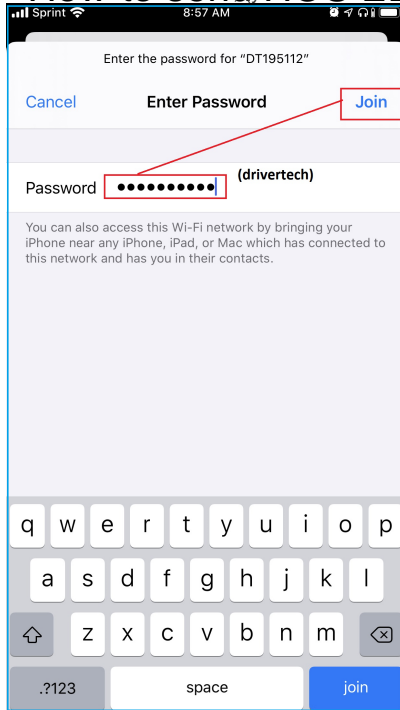

8. Example on an iPhone: First enable (turn on) Airplane Mode  
9. Open Wi-Fi settings on mobile device

## How to send HOS ELD logs to Enforcement Officer for Roadside Audit

10. Associate with DT195112 in your individual number (OS) by entering the password "drivertech".

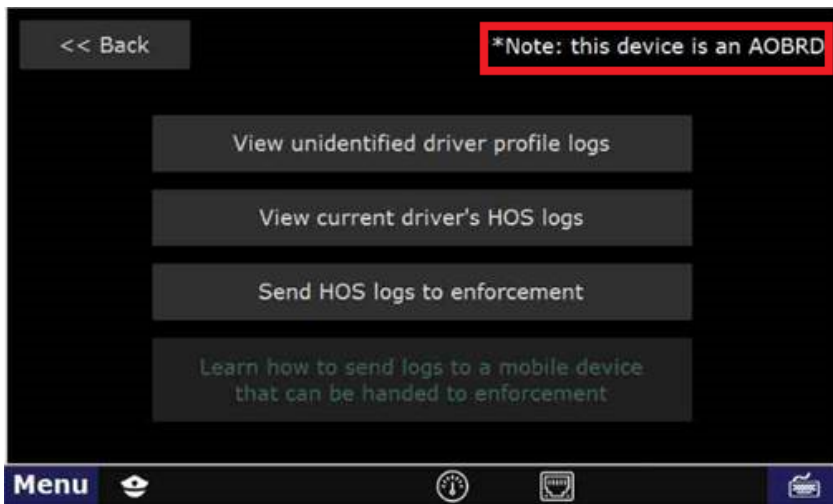

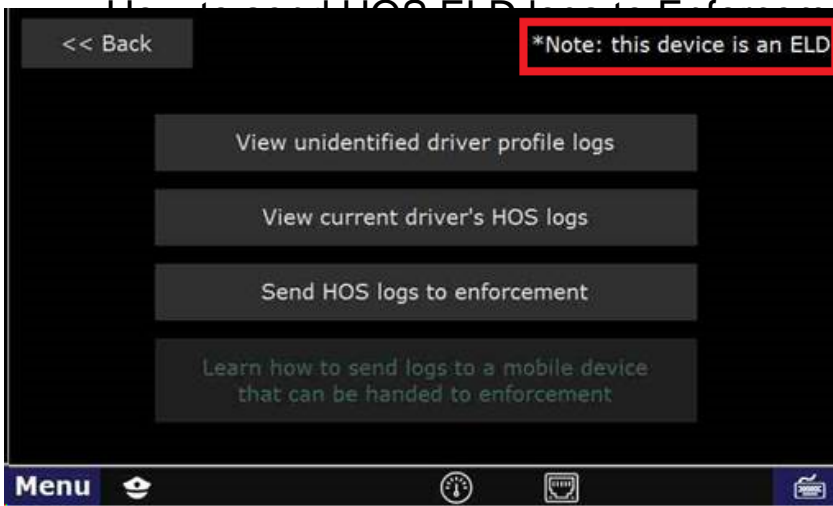

11. Select sign in prompt, or navigate to [ra.drivertech.com](http://ra.drivertech.com), which will show this display.
- Clarification of "or navigate to ra.drivertech.com"
  - Open a web browser on your phone. On an iPhone, open Safari. On Android, open Chrome
  - In the address bar (NOT the search bar), type in ra.drivertech.com , tap Go

12. You may now hand the mobile device to the enforcement officer or DOT representative.

## Differences between ELD and AOB RD Enforcement View

- The note in the upper right indicates whether the device is an ELD or an AOB RD:

- Sending logs as an ELD will send the logs directly to the FMCSA

The screenshot shows a 'File Comment' screen. At the top left is a '<< Back' button and at the top right is a 'Submit' button. Below these is the text 'File Comment (Enter 'TEST' for a test submission)' and an empty text input field. At the bottom is a full QWERTY keyboard overlay with an 'Enter' key.

- Logs sent from an AOBDR will go to a specified email (provided by Law Enforcement):

<< Back Submit

E-mail Address (this device is an AOBRD)
